ARTICLE VII.

Method of transportation.

Les colis sont expédiés au moyen de dépêches directes échangées entre les Etats-Unis d'Amérique et la Suisse. Les colis en provenance des Etats-Unis d'Amérique sont expédiés, aux frais de l'Administration des postes de ce pays, au bureau de

Closed sacks.

The parcels are despatched in ordinary mail sacks bearing the inscription "Parcel Post." Such sacks may not contain any other mail article; they must be solidly closed by means of sealing wax, or otherwise as may be mutually provided.

Return of empty sacks.

Subject to further agreements which may be made on the subject, each receiving exchange office must return the empty sacks, by the next mail, to the despatching exchange office.

Packing.

Although the transmission of the articles authorized by the present convention takes place between the exchange offices and in the manner described above, the parcels should be so carefully packed as to withstand the conveyance in the open mails in the domestic service of each contracting Administration, i. e., as far as the despatching exchange office in the country of origin and to the address of the addressee in the country of destination.

Descriptive list. To Switzerland.

For each despatch of parcel post *addressed to Switzerland*, a parcel bill is made up in two copies (original and duplicate), in which each parcel shall be entered separately, according to the number of mailing and the office of origin. The original parcel bill shall be inserted in one of the sacks, which is to be designated by a distinctive mark, while the duplicate shall be sent to the exchange office of destination, under registered cover, together with the customs declarations.

To United States.

In *the direction from Switzerland to the United States of America*, the original parcel bill is

Les colis sont expédiés dans des sacs postaux ordinaires portant la suscription "Parcel Post." Ces sacs ne peuvent renfermer aucun autre envoi postal; ils doivent être fermés solidement au moyen de cire à cacheter ou de tout autre système à convenir.

Sous réserve des dispositions ultérieures qui pourraient être convenues à ce sujet. chaque bureau d'échange réceptionnaire doit renvoyer les sacs vides, par le prochain courrier, au bureau d'échange expéditeur.

Bien que la transmission des objets autorisés par la présente convention ait lieu entre les bureaux d'échange de la manière décrite ci-avant, les colis devront être emballés d'une façon suffisamment solide pour supporter le transport à découvert dans le service interne de chaque Administration contractante, c. à. d. jusqu'au bureau d'échange expéditeur, en ce qui concerne le pays d'origine, et jusqu'à l'adresse du destinataire, quant au pays de destination.

Pour chaque dépêche de colis, postaux *à destination de la Suisse*, il est établi une double feuille de route (parcel bill) (original et duplicata) dans laquelle chaque colis sera inscrit séparément d'après le numéro de consignation et l'office d'origine. La feuille de route originale doit être insérée dans l'un des sacs à pourvoir d'une marque distinctive, tandis que le duplicata sera envoyé au bureau d'échange destinataire, dans un pli recommandé et joint aux déclarations de douane.

Dans *la direction de la Suisse vers les Etats-Unis d'Amérique*, la feuille de route originale est

inserted in one of the sacks of the despatch, which is to be indicated by a distinctive mark.

ARTICLE VIII.

Immediately after the arrival of a despatch, the exchange office of destination shall verify its contents.

Errors found in the entries on the parcel bill must be corrected, after having been examined and attested by a second employee. The exchange office of origin must then be advised, by means of a bulletin of verification, to be sent in a special envelope.

When the parcel bill is missing, and when the exchange office of destination is not in possession of a duplicate, it at once proceeds to make up a list intended to replace the original parcel bill.

When a parcel entered on the parcel bill is missing, the relative entry is struck out, after verification of the shortage by a second employee. Advice thereof is immediately given to the despatching exchange office.

When a parcel arrives in damaged or imperfect condition, full particulars shall be reported on the same form.

If no bulletin of verification or other advice of error is received, a parcel post despatch is considered as regularly received and acknowledged to be correct in all respects.

ARTICLE IX.

Parcels which cannot be delivered, or which are refused by the addressee, are returned without cost by each of the contracting Administrations to the despatching exchange office after a period of 30 days, counting from the date of arrival of the parcel at the office of destination.

ARTICLE IX.

Les colis qui ne peuvent pas être délivrés ou qui sont refusés du destinataire, sont renvoyés, sans frais, par chacune des Administrations contractantes, au bureau d'échange expéditeur de la dépêche, après un délai de 30 jours à compter de la date d'arrivée du colis à l'office de destination. Perishable articles.

When the contents of an undeliverable parcel are likely to putrefy or deteriorate, the parcel may be destroyed at once, if it is deemed necessary, or else sold for the benefit of the proper person, without previous notice or judicial formality, the post offices making the necessary communications in regard to each case of sale.

ARTICLE X.

Indemnity for loss or damage of registered mail.

In case of loss, damage or rifling detected in any shipment of registered parcels, except in cases of force majeure, the Administration of Posts in the service of which it is proven that the loss, damage or rifling took place is bound to reimburse the sender of the parcel, by way of indemnity, for an amount equal to the value of what has been lost, damaged or stolen. However, such indemnity may not exceed the sum of 50 francs for each registered parcel.

Adjustment of claims.

The procedure adopted in order to fix responsibility in case of loss, damage or rifling, and in order to settle the question of payment of indemnity and of presenting the request for indemnity, is that prescribed by Article 10 of the Universal Postal Convention of Madrid concerning responsibility in regard to registered articles.

Vol. 42, p. 1984.

Time limit.

The request for indemnity is valid only if made within the period of one year, counting from the date of mailing of the registered parcel to which it relates.

ARTICLE XI.

Retention of charges.

The postage, registry, porterage and storage charges belong entirely to the Administration collecting them. No special account is therefore to be made between the contracting Administrations. Lorsque le contenu d'un colis en rebut est sujet à putréfaction ou détérioration, il peut être immédiatement détruit, si cela est jugé nécessaire, ou vendu au profit de l'ayant-droit, sans avis préalable ou formalité juridique; les offices de poste se font les communications nécessaires sur chaque cas de vente.

ARTICLE X.

En cas de perte, d'avarie ou de vol constaté lors du chargement des colis enregistrés, excepté les cas de force majeure, l'Administration des postes dans le service de laquelle il est prouvé que la perte, l'avarie ou le vol a eu lieu, est tenue de rembourser à l'expéditeur du colis, à titre d'indemnité, le montant équivalent à la valeur de ce qui a été perdu, volé ou détérioré. Toutefois cette indemnité ne peut excéder la somme de fr. 50.—par colis enregistré.

Le procédé adopté pour fixer la responsabilité en cas de perte, d'avarie ou de vol et pour régler la question du paiement de l'indemnité et la présentation de la demande en indemnité, est celui prescrit à l'article 10 de la Convention postale universelle de Madrid concernant la responsabilité en matière d'envois recommandés.

La demande en indemnité n'est valable que si elle est faite dans le courant d'une année à compter de la date de consignation à la poste du colis enregistré auquel elle se rapporte.

ARTICLE XI.

Les taxes postales d'enregistrement, de factage et de magasinage appartiennent en entier à l'Administration qui les a perçues. Aucun décompte spécial n'a donc lieu de ce fait entre les Administrations contractantes. Outre ces dispositions, les droits de transit par l'Allemagne de 10 cents ou 50 centimes-or pour chaque colis jusqu'au poids de 5 kg et de 18 cents ou 90 centimes-or

for those weighing from 5 to 10 kilograms originating in the United States of America, are paid by the Post Office Department of the United States of America to the Postal Administration of Germany.

ARTICLE XII.

The Postmaster General of the United States of America and the Director General of Posts and Telegraphs of Switzerland shall have authority jointly to make such further regulations of order and detail, and to provide for such changes and modifications as may be deemed necessary from time to time to carry out the Convention.

ARTICLE XIII.

Controversies not diplomatically settled to be adjusted by joint conferences.

S'il venait à surgir entre certaines des Hautes Parties Contractantes un différend issu d'une question quelconque concernant le Pacifique et mettant en cause leurs droits ci-dessus visés, différend qui ne serait pas réglé d'une façon satisfaisante par la voie diplomatique et qui risquerait de compromettre l'heureuse harmonie existant actuellement entre elles, ces Puissances devront inviter les autres Parties Contractantes à se réunir dans une Conférence qui sera saisie de l'ensemble de la question aux fins d'examen et de règlement.

II.

If the said rights are threatened by the aggressive action of any other Power, the High Contracting Parties shall communicate with one another fully and frankly in order to arrive at an understanding as to the most efficient measures to be taken, jointly or separately, to meet the exigencies of the particular situation.

IV.

Le présent Traité sera ratifié aussitôt que faire se pourra, conformément aux méthodes constitutionnelles des Hautes Parties contractantes; il entrera en vigueur dès le dépôt des ratifications qui sera effectué à Washington; sur quoi, la Convention entre la Grande Bretagne et le Japon, conclue à Londres le 13 Juillet 1911, prendra fin. En foi de quoi les Plénipotentiaires sus-nommés ont signé le présent Traité.

Fait à Washington, le treize Décembre mil neuf cent vingt et un.

IV.

This Treaty shall be ratified as soon as possible in accordance with the constitutional methods of the High Contracting Parties and shall take effect on the deposit of ratifications, which shall take place at Washington, and thereupon the agreement between Great Britain and Japan, which was concluded at London on July 13, 1911, shall terminate. PARTIE 4.

PART 4.

Definitions.

DEFINITIONS.

Dans le présent Traité, les expressions suivantes doivent s'entendre respectivement avec le sens ci-après.

For the purposes of the present Treaty, the following expressions are to be understood in the sense defined in this Part.

NAVIRE DE LIGNE.

Capital ship.

Un navire de ligne, en ce qui concerne les navires à construire dans l'avenir, est un navire de guerre autre qu'un navire porte-aéronefs, dont le déplacement type est supérieur à 10.000 tonnes (10.160 tonnes métriques), ou qui porte un canon d'un calibre supérieur à 8 pouces (203 millimètres).

CAPITAL SHIP.

A capital ship, in the case of ships hereafter built, is defined as a vessel of war, not an aircraft carrier, whose displacement exceeds 10,000 tons (10,160 metric tons) standard displacement, or which carries a gun with a calibre exceeding 8 inches (203 millimetres).

NAVIRE PORTE-AERONEFS.

Air craft carrier.

Un navire porte-aéronefs est un navire de guerre d'un déplacement type supérieur à 10.000 tonnes (10.160 tonnes métriques), spécifiquement et exclusivement destiné à porter des aéronefs. Il doit être construit de manière qu'un aéronef puisse y prendre son vol ou s'y poser. Son plan et sa construction ne doivent pas lui permettre de porter un armement plus puissant que celui autorisé soit par l'article IX, soit par l'article X, selon le cas.

Ante, pp. 1659, 1660.

AIRCRAFT CARRIER.

An aircraft carrier is defined as a vessel of war with a displacement in excess of 10,000 tons (10,160 metric tons) standard displacement designed for the specific and exclusive purpose of carrying aircraft. It must be so constructed that aircraft can be launched therefrom and landed thereon, and not designed and constructed for carrying a more powerful armament than that allowed to it under Article IX or Article X as the case may be.

DEPLACEMENT TYPE.

Standard displacement.

Le déplacement type d'un navire est le déplacement du navire achevé, avec son équipage complet, ses machines et chaudières,

STANDARD DISPLACEMENT.

The standard displacement of a ship is the displacement of the ship complete, fully manned, engined, and equipped ready for

prêt à prendre la mer, ayant tout son armement et toutes ses munitions, ses installations, équipements, vivres, eau douce pour l'équipage, approvisionnements divers, outillages et rechanges de toute nature qu'il doit emporter en temps de guerre, mais sans combustible et sans eau de réserve pour l'alimentation des machines et chaudières.

sea, including all armament and ammunition, equipment, outfit, provisions and fresh water for crew, miscellaneous stores and implements of every description that are intended to be carried in war, but without fuel or reserve feed water on board.

Le mot tonne employé dans le présent traité sans la qualification de "métrique" désigne une tonne de 2.240 lbs. ou 1.016 kilogrammes.

The word "ton" in the present Treaty, except in the expression "metric tons", shall be understood to mean the ton of 2240 pounds (1016 kilos).

Ton.

Les navires actuellement achevés continueront à figurer avec le déplacement qui leur est attribué selon leur système national d'évaluation. Toutefois, lorsqu'une Puissance compte le déplacement de ses navires en tonnes métriques, elle sera considérée, pour l'application du présent Traité, comme ne possédant que le tonnage équivalent en tonnes de 2.240 lbs.

Vessels now completed shall retain their present ratings of displacement tonnage in accordance with their national system of measurement. However, a Power expressing displacement in metric tons shall be considered for the application of the present Treaty as owning only the equivalent displacement in tons of 2240 pounds.

Present ratings for completed vessels.

Les navires achevés par la suite seront comptés pour leur déplacement type tel qu'il est défini au 1er alinéa de la présente définition.

A vessel completed hereafter shall be rated at its displacement tonnage when in the standard condition defined herein.

ARTICLE XXI.

Si, pendant la durée du présent traité, une Puissance contractante estime que les exigences de sa sécurité nationale, en ce qui touche la défense navale, se trouvent matériellement affectées par des circonstances nouvelles, les Puissances Contractantes se réuniront en Conférence sur sa demande pour examiner à nouveau les dispositions du présent traité et s'entendre sur les amendements à y apporter.

If during the term of the present Treaty the requirements of the national security of any Contracting Power in respect of naval defence are, in the opinion of that Power, materially affected by any change of circumstances, the Contracting Powers will, at the request of such Power, meet in conference with a view to the reconsideration of the provisions of the Treaty and its amendment by mutual agreement.

eight years from the coming into force of the present Treaty to consider what changes, if any, in the Treaty may be necessary to meet such developments.

ARTICLE XXII.

ARTICLE XXII.

Obligations suspended during war affecting naval defense of Power.

Si l'une des Puissances Contractantes se trouve engagée dans une guerre qui, dans son opinion, affecte sa sécurité nationale du côté de la mer, cette Puissance pourra, sur avis préalable donné aux autres Puissances Contractantes, se dégager, pour la durée des hostilités, de ses obligations résultant du présent traité, à l'exception de celles qui sont prévues aux articles XIII et XVII. Toutefois, cette Puissance devra notifier aux autres Puissances Contractantes que la situation est d'un caractère assez critique pour exiger cette mesure.

Whenever any Contracting Power shall become engaged in a war which in its opinion affects the naval defence of its national security, such Power may after notice to the other Contracting Powers suspend for the period of hostilities its obligations under the present Treaty other than those under Articles XIII and XVII, provided that such Power shall notify the other Contracting Powers that the emergency is of such a character as to require such suspension.

Notice to the other Powers.

Consultation between the other Powers.

Dans ce cas, les autres Puissances Contractantes échangeront leurs vues pour arriver à un accord sur les dérogations temporaires que l'exécution du traité devrait comporter, s'il y a lieu, en ce qui les concerne. Si cet échange de vues ne conduit pas à un accord, conclu régulièrement selon les procédures constitutionnelles auxquelles elles sont respectivement tenues, chacune d'entre elles pourra, après en avoir donné notification aux autres, se dégager, pour la durée des hostilités, des obligations résultant du présent traité, à l'exception de celles qui sont prévues aux articles XIII et XVII.

The remaining Contracting Powers shall in such case consult together with a view to agreement as to what temporary modifications if any should be made in the Treaty as between themselves. Should such consultation not produce agreement, duly made in accordance with the constitutional methods of the respective Powers, any one of said Contracting Powers may, by giving notice to the other Contracting Powers, suspend for the period of hostilities its obligations under the present Treaty, other than those under Articles XIII and XVII.

If no agreement produced obligations may be suspended during hostilities.

Conference on cessation of hostilities.

A la cessation des hostilités les Puissances Contractantes se réuniront en Conférence pour examiner les modifications à apporter, s'il y a lieu, au présent Traité.

On the cessation of hostilities the Contracting Powers will meet in conference to consider what modifications, if any, should be made in the provisions of the present Treaty.

ARTICLE XXIII.

PROCÈS-VERBAL

OF DEPOSIT OF RATIFICATIONS OF THE TREATY BETWEEN THE UNITED STATES OF AMERICA, THE BRITISH EMPIRE, FRANCE, ITALY AND JAPAN, TO LIMIT THEIR RESPECTIVE NAVAL ARMAMENT, CONCLUDED AT WASHINGTON, FEBRUARY 6, 1922.

Notification of deposit of ratifications by the representatives of the Contracting Powers.
Ante, p. 1683.

In conformity with Article XXIV of the Treaty between the United States of America, the British Empire, France, Italy and Japan to limit their respective naval armament, concluded at Washington on February 6, 1922, the undersigned representatives of the United States of America, the British Empire, France, Italy and Japan, this day met at the Department of State at Washington to proceed with the deposit with the Government of the United States of America of the instruments of ratification of the said Treaty by the governments they represent.

Declaration by French representative.

The representative of the Government of the French Republic made the following declaration:

"Le Gouvernement français estime et a toujours estimé que les rapports des tonnages globaux en bâtiments de ligne et en porte-aéronefs, attribués à chacune des Puissances Contractantes, n'expriment pas l'importance respective des intérêts maritimes de ces Puissances et ne peuvent être étendus aux catégories de navires autres que celles pour lesquelles ils ont été expressément stipulés."[1]

The instruments of ratification produced having been found upon examination to be in due form, are entrusted to the Government of the United States of America to be deposited in the archives of the Department of State.

Signatures.

IN WITNESS WHEREOF, the present procès-verbal, of which a certified copy will be sent by the Government of the United States of America to each one of the Powers signatory to the said treaty, is signed.

ARTICLE 2.

Les articles 6, 8, 9, 10, 11, 12, 15, 17, 18 et 20 du Règlement annexé à la Convention du 20 mai 1875 sont remplacés par les dispositions suivantes:

ART. 6.—La dotation annuelle du Bureau international est composée de deux parties, l'une fixe, l'autre complémentaire.

La partie fixe est, en principe, de 250000^{fr}, mais peut être portée à 300000^{fr} par décision unanime du Comité. Elle est à la charge de tous les États et des Colonies autonomes qui ont adhéré à la Convention du Mètre avant la Sixième Conférence générale.

La partie complémentaire est formée des contributions des États et des Colonies autonomes qui sont entrés dans la Convention après ladite Conférence générale.

ARTICLE 2.

Articles 6, 8, 9, 10, 11, 12, 15, 17, 18 and 20, of the regulations annexed to the Convention of May 20, 1875, are superseded by the following provisions.

Regulations amended.

ARTICLE 6. The annual appropriation for the international bureau consists of two parts, one of which is fixed, the other complementary.

Annual expenses of Bureau.

Vol. 20, p. 717.

The fixed part is, in principle, 250,000 francs, but on the unanimous vote of the Committee may be raised to 300,000 francs. It is borne by all the states and autonomous colonies that adhered to the meter convention before the sixth General Conference.

Contribution from adhering parties.

The complementary part is made up of contributions from the states and autonomous colonies that joined the Convention after the aforesaid General Conference.

Acceding countries.

Budget.

Le Comité est chargé d'établir, sur la proposition du directeur, le budget annuel, mais sans dépasser la somme calculée conformément aux stipulations des deux alinéas ci-dessus. Ce budget est porté, chaque année, dans un Rapport spécial financier, à la connaissance des Gouvernements des Hautes Parties contractantes.

The Committee is charged with the duty of drawing up on the motion of the Director the annual budget, but without exceeding the amount computed in accordance with the provisions of the two paragraphs above. The budget is made known every year by means of a special financial report to the governments of the high contracting parties.

Provision for increased contributions.
Vol. 20, p. 721.

Dans le cas où le Comité jugerait nécessaire, soit d'accroître au delà de 300000 fr la partie fixe de la dotation annuelle, soit de modifier le calcul des contributions déterminé par l'article 20 du présent Règlement, il devrait en saisir les Gouvernements, de façon à leur permettre de donner, en temps utile, les instructions nécessaires à leurs délégués à la Conférence générale suivante, afin que celle-ci puisse délibérer valablement. La décision sera valable seulement dans le cas où aucun des États contractants n'aura exprimé, ou n'exprimera, dans la Conférence, un avis contraire.

If the committee find it necessary either to increase beyond 300,000 francs, the fixed part of the annual appropriation or to modify the computation of the contributions as determined by Article 20, of these regulations, it should lay the matter before the governments so as to enable them to issue in good time the needed instructions to their delegates to the next General Conference in order that the said conference may deliberate to good purpose. The decision will stand only in the case that no opposition shall have been expressed before or in the conference by any of the contracting states.

Advances for delinquencies.

Si un État est demeuré trois années sans effectuer le versement de sa contribution, celle-ci est répartie entre les autres États, au prorata de leurs propres contributions. Les sommes supplémentaires, versées ainsi par les États pour parfaire le montant de la dotation du Bureau, sont considérées comme une avance faite à l'État retardataire, et leur sont remboursées si celui-ic vient à acquitter ses contributions arriérées.

If the state should let three years go without paying its contribution, that contribution shall be divided among the other states proportionally to their own contribution. The additional sum thus paid by the states to make up the whole of the appropriation of the Bureau shall be regarded as an advance to the delinquent state and shall be reimbursed to them if that state should make good its arrears.

Suspension of delinquents.

Les avantages et prérogatives conférés par l'adhésion à la Convention du Mètre sont suspendus à l'égard des États déficitaires de trois années.

The advantages and prerogatives conferred by adhering to the Meter Convention are suspended in the case of states that have been delinquent three years.

Expulsion of delinquent state.

Après trois nouvelles années, l'État déficitaire est exclu de la Convention, et le calcul des contributions est rétabli conformément aux dispositions de l'article 20 du présent Règlement.

After three more years the delinquent state shall be expelled from the Convention and the reckoning of the contributions restored in accordance with the provisions of Article 20, of these regulations.

International Committee.
Composition, etc.

ART. 8.—Le Comité international, mentionné à l'article 3 de la Convention, sera composé de

Lors du renouvellement, par moitié, du Comité international, les membres sortant seront d'abord ceux qui, en cas de vacances, auront été élus provisoirement dans l'intervalle entre deux sessions de la Conférence; les autres seront désignés par le sort.

Les membres sortants sont rééligibles.

ART. 9.—Le Comité international se constitue en choisissant lui-même, au scrutin secret, son président et son secrétaire. Ces nominations sont notifiées aux Gouvernements des Hautes Parties contractantes.

Le président et le secrétaire du Comité, et le directeur du Bureau, doivent appartenir à des pays différents.

Une fois constitué, le Comité ne peut procéder à de nouvelles élections ou nominations que trois mois après que tous les membres auront été informés de la vacance donnant lieu à un vote.

ART. 10.—Le Comité international dirige tous les travaux métrologiques que les Hautes Parties contractantes décideront de faire exécuter en commun.

Il est chargé, en outre, de surveiller la conservation des prototypes et étalons internationaux.

Il peut, enfin, instituer la coopération de spécialistes dans des questions de métrologie, et coordonner les résultats de leurs travaux.

ART. 11.—Le Comité se réunira au moins une fois tous les deux ans.

ART. 12.—Les votes au sein du Comité ont lieu à la majorité des voix; en cas de partage, la voix du président est prépondérante. Les décisions ne sont valables que si le nombre des membres présents égale au moins la moitié des membres élus qui composent le Comité.

Sous réserve de cette condition, les membres absents ont le droit de déléguer leurs votes aux membres

posed of 18 members all from different states.

At the time of the renewal by halves of the international committee, the outgoing members shall be first those who may have been provisionally elected to fill vacancies between two sessions of the conference; the others will be drawn by lot.

Outgoing members may be reelected.

Officers. Election.

ARTICLE 9. The International Committee organizes itself by electing by its own secret vote its Chairman and Secretary. Those appointments are notified to the governments of the high contracting parties.

Division.

The chairman and the secretary of the Committee and the Director of the Bureau must belong to different countries.

Subsequent elections.

Once organized, the Committee cannot hold other elections or make other appointments except before three months shall have elapsed after the notice of a vacancy calling for a vote shall have been given to all the members.

Duties of Committee. Vol. 20, p. 718.

ARTICLE 10. The International Committee directs all the metrological works that the high contracting parties shall decide to have carried on jointly.

It is also charged with the duty of seeing to the conservation of the international prototypes and standards.

It may, lastly, institute the cooperation of specialists in questions of meterology and coordinate the results of their work.

Meetings.

ARTICLE 11. The committee shall meet at least once in two years.

Voting. Vol. 20, p. 719.

ARTICLE 12. The ballotting in the committee is by a majority vote: in case of a tie vote the chairman has the casting vote.

Decisions are only valid if the members present are at least one half of the elected members forming the committee.

Proxies.

Subject to that condition absent members have a right to delegate their votes to present

bres présents, qui devront justifier de cette délégation. Il en est de même pour les nominations au scrutin secret.

Le directeur du Bureau a voix délibérative au sein du Comité.

Bureau regulations. Vol. 20, p. 720.

ART. 15.—Le Comité international élaborera un règlement détaillé pour l'organisation et les travaux du Bureau, et il fixera les taxes à payer pour les travaux extraordinaires prévus aux articles 6 et 7 de la Convention.

Application of dues.

Ces taxes seront affectées au perfectionnement du matériel scientifique du Bureau. Un prélèvement annuel pourra être effectué, en faveur de la Caisse de Retraites, sur le total des taxes perçues par le Bureau.

Personnel of Bureau. Vol. 20, p. 720.

ART. 17.—Un règlement, établi par le Comité, fixera l'effectif maximum pour chaque catégorie du personnel du Bureau.

Le directeur et ses adjoints seront nommés au scrutin secret par le Comité international. Leur nomination sera notifiée aux Gouvernements des Hautes Parties contractantes.

Le directeur nommera les autres membres du personnel, dans les limites établies par le règlement mentionné au premier alinéa ci-dessus.

Access to prototypes.

ART. 18.—Le directeur du Bureau n'aura accès au lieu de dépôt des prototypes internationaux qu'en vertu d'une résolution du Comité, et en présence d'au moins un de ses membres.

Possession of keys.

Le lieu de dépôt des prototypes ne pourra s'ouvrir qu'au moyen de trois clés, dont une sera en la possession du directeur des Archives de France, la seconde dans celle du Président du Comité, et la troisième dans celle du directeur du Bureau.

Use of national standard prototypes.

Les étalons de la catégorie des prototypes nationaux serviront seuls aux travaux ordinaires de comparaisons du Bureau.

Quota of contributions. Vol. 20, p. 721.

ART. 20.—L'échelle des contributions, dont il est question à l'article 9 de la Convention, est

members who must prove that they have been so delegated. This also applies to appointments by secret ballot.

The Director of the Bureau is a non-voting member of the Committee.

ARTICLE 15. The International Committee will draw up a detailed set of regulations for the organization and work of the Bureau and will fix the dues to be paid for the extraordinary works provided by Articles 6 and 7 of the Convention.

Those dues will be applied to improving the scientific equipment of the Bureau. A certain amount may be drawn annually for the retirement fund from the total dues collected by the Bureau.

ARTICLE 17. A regulation drawn up by the Committee will determine the maximum staff for each category of the personnel of the Bureau. The Director and his assistants shall be elected by secret ballot by the International Committee. Other appointments shall be notified to the governments of the high contracting parties. The Director will appoint the other members of the personnel within the bounds laid by the regulation mentioned in the first paragraph above.

ARTICLE 18. The Director of the Bureau shall have access to the place where the international prototypes are deposited only in pursuance of a resolution of the Committee and in the presence of at least one of its members.

The place of deposit of the prototypes shall be opened only by means of three keys, one of which shall be in the possession of the Director of Archives of France, the second in that of the Chairman of the Committee and the third in that of the Director of the Bureau.

The standards of the class of national prototypes alone shall be used for the ordinary comparing work of the Bureau.

ARTICLE 20. The scale of contributions spoken of in Article 9 of the Convention is established

établie, pour la partie fixe, sur la base de la dotation indiquée par l'article 6 du présent Règlement, et sur celle de la population; la contribution normale de chaque État ne peut être inférieure à 5 pour 1000, ni supérieure à 15 pour 100 de la dotation totale, quel que soit le chiffre de la population.

Pour établir cette échelle, on détermine d'abord quels sont les États qui se trouvent dans les conditions voulues pour ce minimum et ce maximum, et l'on répartit le reste de la somme contributive entre les autres États, en raison directe du chiffre de leur population.

Les parts contributives ainsi calculées sont valables pour toute la période de temps comprise entre deux Conférences générales consécutives et ne peuvent être modifiées, dans l'intervalle, que dans les cas suivants:

a. Si l'un des États adhérents a laissé passer trois années successives sans faire ses versements;

b. Si, au contraire, un État, antérieurement retardataire de plus de trois ans, ayant versé ses contributions arriérées, il y a lieu de restituer aux autres Gouvernements les avances faites par eux.

La contribution complémentaire est calculée sur la même base de la population, et est égale à celle que les Etats anciennement entrés dans la Convention paient dans les mêmes conditions.

Si un État ayant adhéré à la Convention déclare en vouloir étendre le bénéfice à une ou plusieurs de ses Colonies non autonomes, le chiffre de la population des dites Colonies sera ajouté à celui de l'État pour le calcul de l'échelle des contributions.

Lorsqu'une Colonie reconnue autonome désirera adhérer à la Convention, elle sera considerée, en ce qui concerne son entrée dans cette Convention, suivant la décision de la Métropole, soit comme

for its fixed part on the basis of the appropriation referred to in Article 6 of the present regulations and of the population; the normal contribution of each state cannot be less than 5 to a thousand nor more than 15% of the whole appropriation, regardless of the population.

Method of determination.

In order to establish that scale, it shall first be found which are the states that are in the conditions required for the minimum and maximum and the remainder of the quota shall be distributed among the other states in the direct ratio of their population.

Permanence.

The quota thus reckoned stands for the whole time included between two consecutive General Conferences and can only be modified in the meanwhile in the following cases:

Modifications.

Delinquent states.

(a) If one of the adhering states allows three successive years to pass without making its payments;

Payment of delinquencies.

(b) When, on the contrary, a state which had been previously delinquent for more than three years pays up its arrears, and the occasion arises to return to the other governments the advances made by them.

Complementary contributions.

The complementary contribution is computed on the same basis of population and is like that which the states that have long belonged to the Convention pay under the same conditions.

Extension to colonies of adhering States.

If after adhering to the convention a state declares it would like to extend the benefits thereof to one or more of its colonies that are not autonomous, the number of the population of the said colonies would be added to that of the State in reckoning the scale of contributions.

Autonomous colonies.

When a colony that is recognized as autonomous shall desire to adhere to the convention, it will be regarded with respect to its admission into the Convention and as the mother coun-

une dépendance de celle-ci, soit comme un État contractant.

ARTICLE 3.

Notice of new adhering states.

Tout État pourra adhérer à la présente Convention en notifiant son adhésion au Gouvernement français, qui en donnera avis à tous les États participants et au Président du Comité international des Poids et Mesures.

Toute accession nouvelle à la Convention du 20 mai 1875 entraînera obligatoirement adhésion à la présente Convention.

ARTICLE 4.

Deposit of ratifications.

La présente Convention sera ratifiée. Chaque Puissance adressera, dans le plus court délai possible, sa ratification au Gouvernement français, par les soins duquel il en sera donné avis aux autres Pays signataires. Les ratifications resteront déposées dans les archives du Gouvernement français.

Effectual date.

La présente Convention entrera en vigueur, pour chaque Pays signataire, le jour même du dépôt de son acte de ratification.

Certified copies to signatories.

Fait à Sèvres, le 6 octobre 1921, en un seul exemplaire, qui restera déposé dans les archives du Gouvernement français, et dont les expéditions authentiques seront remises à chacun des Pays signataires.

Extension for signing.

Ledit exemplaire, daté comme il est dit ci-dessus, pourra être signé jusqu'au 31 mars 1922.

ARTICLE 3.

Any state may adhere to this convention by giving notice thereof to the French Government which shall notify all the participant states and the Chairman of the International Committee of Weights and Measures.

Any new accession to the Convention of May 20, 1875, will necessarily involve adhesion to this Convention.

DEPARTMENT OF STATE,
Washington, June 23, 1923.

EXCELLENCY:

From Secretary of State. In connection with the signing today of an agreement for the renewal of the Convention of Arbitration concluded between the United States and Great Britain, April 4, 1908, and renewed from time to time, I have the honor, in pursuance of our informal conversations, to state the following understanding which I shall be glad to have you confirm on behalf of your Government.

On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adhesion by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice had been created at The Hague. As the Senate does not convene in its regular session until December next, action upon this proposal will necessarily be delayed. In the event that the Senate gives its assent to the proposal, I understand that the British Government will not be averse to considering a modification of the Convention of Arbitration which we are renewing, or the making of a separate agreement, providing for the reference of disputes mentioned in the Convention to the Permanent Court of International Justice.

Accept, Excellency, the renewed assurance of my highest consideration.

CHARLES E. HUGHES

The Right Honorable
Sir AUCKLAND GEDDES, G. C. M. G., K. C. B.,
Ambassador of Great Britain.

BRITISH EMBASSY,
Washington, D. C., June 23, 1923.

No. 523.

SIR:

From British Ambassador. I have the honour to acknowledge the receipt of your note of today's date in which you were so good as to inform me, in connection with the renewal of the Arbitration Convention of April 4th, 1908, between Great Britain and the

United States, that the President of the United States had proposed to the Senate the adherence of the United States, under certain conditions, to the Protocol of December 16th, 1920, creating the Permanent Court of International Justice at the Hague, and that, if the Senate assents to this proposal, you understand that His Britannic Majesty's Government would be prepared to consider the conclusion of an agreement, providing for the reference to the Permanent Court of International Justice of disputes mentioned in the Convention.

Under instructions from His Majesty's Principal Secretary of State for Foreign Affairs I have the honor to confirm your understanding of His Majesty's Government's attitude on this point and to state that if the Senate approve the President's proposal His Majesty's Government will be prepared to consider with the United States Government the conclusion of an agreement for the reference to the Permanent Court of International Justice of disputes mentioned in the Arbitration Convention.

I have the honour to be with the highest consideration, Sir, your most obedient, humble servant,

A. GEDDES

And whereas an Additional Article to the said Treaty was signed by the respective plenipotentiaries of the United States of America and the United States of Venezuela on the twenty-first day of January one thousand nine hundred and twenty-two the originals of which Treaty and Additional Article being in the English and Spanish languages are word for word as follows:

Contracting Powers.

The United States of America and the United States of Venezuela, desiring to strengthen their reciprocal relations, to facilitate the course of punitive justice and to limit the crimes which may be committed in their respective territories; to prevent the impunity which would result from the escape of guilty persons and of their asylum in the territory of one or the other nation, have resolved to conclude a Treaty for the extradition of the accused as well as of those who have been sentenced, and have appointed for that purpose the following Plenipotentiaries:

Los Estados Unidos de América y los Estados Unidos de Venezuela, deseando estrechar las relaciones recíprocas, facilitar la acción de la justicia penal y reprimir los crímenes que puedan cometerse en sus respectivos territorios; a fin de evitar la impunidad que resultaría de la evasión de los delincuentes y de su asilo en el territorio de una u otra nación, han resuelto celebrar un Tratado de Extradición de los enjuiciados y de los condenados, y han nombrado al efecto por sus Plenipotenciarios, a saber:

The Commission, however, shall at the same time determine the value of the property or right decreed to be restored and the Government affected may elect to pay the amount so fixed after the decision is made rather than to restore the property or right to the claimant.

En cualquier caso la Comisión puede decidir que el Derecho Internacional, la justicia y la equidad requieren que una propiedad o un derecho sea restituído al reclamante, además de la cantidad que se le adjudique en cualquiera de tales casos por toda la pérdida o daño sufrido antes de la restitución. En cualquier caso en que la Comisión así lo resuelva, la restitución de la propiedad o del derecho será hecha por el Gobierno afectado después de que tal decisión haya sido dictada, según se previene más adelante. La Comisión, no obstante, fijará al mismo tiempo el valor de la propiedad o del derecho cuya restitución se ha decretado y el Gobierno afectado tendrá opción de pagar la cantidad así fijada después de la resolución, en vez de restituir la propiedad o el derecho al reclamante.

Value of property to be determined.

DEPARTMENT OF STATE,
Washington, July 19, 1923.

From Secretary of State.

Excellency:

In connection with the signing today of an agreement for the renewal of the Convention of Arbitration concluded between the United States and France, February 10, 1908, and renewed from time to time, I have the honor, in pursuance of our informal conversations, to state the following understanding which I shall be glad to have you confirm on behalf of your Government.

On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adhesion by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice has been created at The Hague. As the Senate does not convene in its regular session until December next, action upon this proposal will necessarily be delayed. In the event that the Senate gives its assent to the proposal, I understand that the Government of the French Republic will not be averse to considering a modification of the Convention of Arbitration which we are renewing, or the making of a separate agreement under which the disputes mentioned in the Convention could be referred to the Permanent Court of International Justice.

Accept, Excellency, the renewed assurance of my highest consideration.

Mr. J. J. JUSSERAND,
Ambassador of France.

Your Excellency's communication reads as follows:

"On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adhesion by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice has been created at The Hague. As the Senate does not convene in its regular session until December next, action upon this proposal will necessarily be delayed. DEPARTMENT OF STATE,
Washington, November 26, 1923.

Sir:

From Secretary of State.

In connection with the signing today of an agreement for the renewal of the Convention of Arbitration concluded between the United States and the Government of Norway, April 4, 1908, and renewed from time to time, I have the honor, in pursuance of our informal conversations, to state the following understanding which I shall be glad to have you confirm on behalf of your Government.

On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adhesion by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice has been created at The Hague. As the Senate does not convene in its regular session until December next, action upon this proposal will necessarily be delayed. In the event that the Senate gives its assent to the proposal, I understand that the Government of Norway will not be averse to considering a modification of the Convention of Arbitration which we are renewing, or the making of a separate agreement, providing for the reference of disputes mentioned in the Convention to the Permanent Court of International Justice.

Accept, Sir, the renewed assurances of my highest consideration.

DEPARTMENT OF STATE,
Washington, August 23, 1923.

From Secretary of State.

Excellency:

In connection with the signing today of an agreement for the renewal of the Convention of Arbitration concluded between the United States and the Government of His Majesty the Emperor of Japan, May 5, 1908, and renewed from time to time, I have the honor, in pursuance of our informal conversations, to state the following understanding which I shall be glad to have you confirm on behalf of your Government.

On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adhesion by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice has been created at The Hague. As the Senate does not convene in its regular session until December next, action upon this proposal will necessarily be delayed. In the event that the Senate gives its assent to the proposal, I understand that the Government of His Majesty the Emperor of Japan will not be averse to considering a modification of the Convention of Arbitration which we are renewing, or the making of a separate agreement, providing for the reference of disputes mentioned in the Convention to the Permanent Court of International Justice.

Accept, Excellency, the renewed assurances of my highest consideration.

A PROCLAMATION.

Naturalization with Bulgaria. Preamble.

Whereas a Naturalization Treaty between the United States of America and Bulgaria was concluded and signed by their respective Plenipotentiaries at Sofia on the twenty-third day of November, one thousand nine hundred and twenty-three, the original of which Treaty, being in the English and Bulgarian languages, is word for word as follows:

NATURALIZATION TREATY
between the
UNITED STATES and BULGARIA.

Contracting Powers.

The President of the United States of America and His Majesty Boris III, King of the Bulgarians, being desirous of reaching an agreement concerning the status of former nationals of either country who have acquired, or may acquire, the nationality of the other by reasonable processes of naturalization within any territory under its sovereignty, have resolved to conclude a treaty on this subject and for that purpose have appointed their plenipotentiaries, that is to say:

Plenipotentiaries.

The President of the United States of America:

Charles S. WILSON, Envoy Extraordinary & Minister Plenipotentiary of the United States of America to Bulgaria;

and His Majesty, the King of the Bulgarians:

Christo KALFOFF, Minister for Foreign Affairs and Worship of Bulgaria,

Who, having communicated to each other their full powers, found to be in good and due form, have agreed upon the following Articles:

ARTICLE I.

Mutual recognition of loss of former nationality by naturalization.

Nationals of the United States who have been or shall be naturalized in Bulgarian territory, shall be held by the United States to have lost their former nationality and to be nationals of Bulgaria.

Reciprocally, nationals of Bulgaria who have been or shall be naturalized in territory of the United States shall be held by Bulgaria to have lost their original nationality and to be nationals of the United States.

Restriction in time of war.

The foregoing provisions of this Article are subject to any law of either country providing that its nationals do not lose their nationality by becoming naturalized in another country in time of war.

Application of terms.

The word "national", as used in this convention, means a person owing permanent allegiance to, or having the nationality of, the United States or Bulgaria, respectively, under the laws thereof.

The word "naturalized", refers only to the naturalization of persons of full age, upon their own applications, and to the naturalization of minors through the naturalization of their parents. It does not apply to the acquisition of nationality by a woman through marriage.

ARTICLE II.

Status of naturalized person returning to former country.

Nationals of either country who have or shall become naturalized in the territory of the other, as contemplated in Article I, shall not, upon returning to the country of former nationality, be punishable for the original act of emigration, or for failure, prior to naturalization, to respond to calls for military service not accruing until after *bona fide* residence was acquired in the territory of the country whose nationality was obtained by naturalization.

ARTICLE III.

Renunciation of naturalization, by residence in country of origin.

If a national of either country, who comes within the purview of Article I, shall renew his residence in his country of origin without the intent to return to that in which he was naturalized, he shall be held to have renounced his naturalization.

The intent not to return may be held to exist when a person naturalized in one country shall have resided more than two years in the other.

ARTICLE IV.

Exchange of ratifications.
Duration.

The present Treaty shall go into effect immediately upon the exchange of ratifications, and shall continue in force for ten years. If neither party shall have given to the other six months' previous notice of its intention then to terminate the Treaty, it shall further remain in force until the end of twelve months after either of the contracting parties shall have given notice to the other of such intention.

Signatures.

IN WITNESS WHEREOF, the respective plenipotentiaries have signed this Treaty and have hereunto affixed their seals.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

WHEREAS a Convention between the United States of America and Great Britain to aid in the prevention of the smuggling of intoxicating liquors into the United States was concluded and signed by their respective Plenipotentiaries at Washington, on the twenty-third day of January, one thousand nine hundred and twenty-four, the original of which Convention is word for word as follows:

Contracting Powers.

The President of the United States of America;

And His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India;

Being desirous of avoiding any difficulties which might arise between them in connection with the laws in force in the United States on the subject of alcoholic beverages;

Plenipotentiaries.

Have decided to conclude a Convention for that purpose;

And have appointed as their Plenipotentiaries:

The President of the United States of America:

Charles Evans Hughes, Secretary of State of the United States;

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India:

The Right Honorable Sir Auckland Campbell Geddes, G. C. M. G., K. C. B., His Ambassador Extraordinary and Plenipotentiary to the United States of America;

Who, having communicated their full powers found in good and due form, have agreed as follows:

ARTICLE I.

Three mile limit of territorial waters upheld.

The High Contracting Parties declare that it is their firm intention to uphold the principle that 3 marine miles extending from the coast-line outwards and measured from low-water mark constitute the proper limits of territorial waters.

ARTICLE II.

Boarding of private British vessel outside limits, for inquiry, etc., not objected to.

(1) His Britannic Majesty agrees that he will raise no objection to the boarding of private vessels under the British flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions in order that enquiries may be addressed to those on board and an examination be made of the ship's papers

for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force. When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be instituted.

Search of vessel on reasonable ground for suspicion.

Seizure of vessel believed to be violating American prohibition laws.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

Distance from coast limited for boarding, etc., vessels.

Extension if liquor conveyed by other vessel.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

ARTICLE III.

Liquors listed as sea stores or cargo for foreign port not subjected to penalty, etc.

No penalty or forfeiture under the laws of the United States shall be applicable or attach to alcoholic liquors or to vessels or persons by reason of the carriage of such liquors, when such liquors are listed as sea stores or cargo destined for a port foreign to the United States, its territories or possessions on board British vessels voyaging to or from ports of the United States, or its territories or possessions or passing through the territorial waters thereof, and such carriage shall be as now provided by law with respect to the transit of such liquors through the Panama Canal, provided that such liquors shall be kept under seal continuously while the vessel on which they are carried remains within said territorial waters and that no part of such liquors shall at any time or place be unladen within the United States, its territories or possessions.

To be kept under seal while in American waters.

ARTICLE IV.

Action on claims for loss, etc.

Any claim by a British vessel for compensation on the grounds that it has suffered loss or injury through the improper or unreasonable exercise of the rights conferred by Article II of this Treaty or on the ground that it has not been given the benefit of Article III shall be referred for the joint consideration of two persons, one of whom shall be nominated by each of the High Contracting Parties.

Reference to Pecuniary Claims Commission.

Vol. 37, p. 1625.

Effect shall be given to the recommendations contained in any such joint report. If no joint report can be agreed upon, the claim shall be referred to the Claims Commission established under the provisions of the Agreement for the Settlement of Outstanding Pecuniary Claims signed at Washington the 18th August, 1910, but the claim shall not, before submission to the tribunal, require to be included in a schedule of claims confirmed in the manner therein provided.

ARTICLE V.

Exchange of ratifications.

This Treaty shall be subject to ratification and shall remain in force for a period of one year from the date of the exchange of ratifications.

Notice of proposed modifications.

Three months before the expiration of the said period of one year, either of the High Contracting Parties may give notice of its desire to propose modifications in the terms of the Treaty.

If such modifications have not been agreed upon before the expiration of the term of one year mentioned above, the Treaty shall lapse. Treaty to lapse if modifications not agreed upon.

If no notice is given on either side of the desire to propose modifications, the Treaty shall remain in force for another year, and so on automatically, but subject always in respect of each such period of a year to the right on either side to propose as provided above three months before its expiration modifications in the Treaty, and to the provision that if such modifications are not agreed upon before the close of the period of one year, the Treaty shall lapse. Continued from year to year if no modifications proposed.

ARTICLE VI.

In the event that either of the High Contracting Parties shall be prevented either by judicial decision or legislative action from giving full effect to the provisions of the present Treaty the said Treaty shall automatically lapse, and, on such lapse or whenever this Treaty shall cease to be in force, each High Contracting Party shall enjoy all the rights which it would have possessed had this Treaty not been concluded. Treaty to lapse, if effect of, prevented by judicial decision or legislative action.

The present Convention shall be duly ratified by the President of the United States of America, by and with the advice and consent of the Senate thereof, and by His Britannic Majesty; and the ratifications shall be exchanged at Washington as soon as possible. Exchange of ratifications.

IN WITNESS WHEREOF, the respective Plenipotentiaries have signed the present Convention in duplicate and have thereunto affixed their seals. Signatures.

PROTOCOLO

Agreement for executing provisions of Convention.

For the better fulfillment of the provisions of the convention concerning Commercial Travelers, signed today, the undersigned Mr. Roy T. Davis, Envoy Extraordinary and Minister Plenipotentiary of the United States of America, and Profesor don Miguel Obregón Lizano, Minister of Public Education in charge of the Portfolio of Foreign Relations of Costa Rica, representing their respective countries, have agreed as follows:

Para el mejor cumplimiento de las estipulaciones de la Convención relativa a Agentes Viajeros, firmada hoy, el infrascrito Mr. Roy T. Davis, Enviado Extraordinario y Ministro Plenipotenciario de los Estados Unidos de América, y el Profesor don Miguel Obregón Lizano, Secretario de Estado en el Despacho de Educación Pública, encargado de la Secretaría de Relaciones Exteriores de Costa Rica, en representación de sus respectivos países, han convenido en lo siguiente:

Article I

Regulations governing the renewal and transfer of licenses, and the imposition of fines and other penalties for any misuse of licenses, may be made by either of the High Contracting Parties whenever advisable, within the terms of the present convention, and without prejudice to the rights defined therein.

If such regulations should permit the renewal of licenses, the corresponding fee will not be greater than that charged for the original license.

If such regulations should permit the transfer of licenses, upon satisfactory proof that transferee or assignee is in every sense the true successor of the original licensee, and can furnish a certificate of identification similar to that furnished by the said original licensee, he will be allowed to operate as a commercial traveler pending the arrival of the new certificate of identification, but the cancellation of the bond for the samples shall not be effected before the arrival of the said certificate.

Artículo I

Siempre que una de las Altas Partes Contratantes lo juzgue conveniente, podrá reglamentar la renovación y el traspaso de patentes y la imposición de multas y otras penas por cualquier uso ilegal de las mismas, de acuerdo con lo estipulado en la presente convención, y sin perjuicio de los derechos en ella especificados.

En caso de que se autorice el traspaso de patentes, el cesionario, previa prueba suficiente de que es por todos conceptos el verdadero sucesor del cedente, y de que pueda presentar un certificado de identificación semejante al presentado por el que obtuvo la licencia original, podrá actuar como viajante hasta que se reciba el nuevo certificado de identificación, no efectuándose, sin embargo, la cancelación de la fianza, mientras no haya llegado este documento.

Article II

It is the citizenship of the firm that the commercial traveler represents, and not his own, that governs the issuance to him of a certificate of identification.

In order to obtain practical results, the High Contracting Parties agree to empower the local customs officials to issue the said licenses upon surrender of the certificate of identification and authenticated list of samples, acting as deputies of the central office constituted for the issuance and regulation of licenses. The said customs officials shall immediately transmit the appropriate documentation to the said central office, to which the licensee shall thereafter give due notice of his intention to ask for the renewal or transfer of his license, if these acts be allowable, or cancellation of his bond, upon his de-

A fin de obtener resultados prácticos, las Altas Partes Contratantes convienen en facultar a las autoridades aduaneras locales para expedir las patentes citadas, previa entrega del certificado de identificación y de la lista certificada de muestras, en representación de la oficina central encargada de expedir y reglamentar las patentes. Las citadas autoridades remitirán a dicha oficina central, sin pérdida de tiempo, los documentos correspondientes, debiendo notificar a ésta el cesionario, después de hecha la remisión, su propósito de pedir la renovación o el traspaso de su patente, en caso de

Sales of samples restricted to business represented by commercial traveler.

It is understood that the traveler will not engage in the sale of other articles than those embraced by his lines of business; that is to say, he may sell his samples, thus incurring an obligation to pay the customs duties thereupon, but he may not sell other articles brought with him or sent to him, which are not reasonably and clearly representative of the kind of business he purports to represent.

Artículo III

Article IV

Advertising matter admitted equally as samples.

It is understood, however, that this prescription shall be subject to the customs laws of the respective countries.

Artículo IV

Se considerarán como muestras sin valor comercial los anuncios que el viajante lleve consigo, siempre que sean en cantidades apropiadas, teniéndose, también, como muestras sin valor comercial los objetos que tengan un valor mercantil depreciado, debido a su adaptación para fines de anuncios y destinados a distribución gratuita, siempre que se introduzcan en cantidades razonables. Se entiende, sin embargo, que esta prescripción estará sujeta al reglamento aduanero del país respectivo.

Article V

Extension of bonds for samples.

If the original license were issued for a period longer than six months, or if the license be renewed, the bond for the samples will be correspondingly extended. It is understood, however, that this prescription shall be subject to the customs laws of the respective countries.

Artículo V

Cuando la patente original se expidiere por un período mayor de seis meses, o cuando fuere renovada, se extenderá la fianza en la proporción correspondiente. Se entiende, sin embargo, que esta prescripción estará sujeta al reglamento aduanero del país respectivo.

ARTICLE I.

ARTIKKEL I.

Territorial jurisdiction retained.

The High Contracting Parties respectively retain their rights and claims, without prejudice by reason of this agreement with respect to the extent of their territorial jurisdiction.

De høie kontraherende parter bibeholder hver isaer sine rettigheter og krav uten prejudis som følge av denne overenskomst med hensyn til utstrekningen av deres territoriale jurisdiksjon.

ARTICLE II.

(1) His Majesty agrees that he will raise no objection to the boarding of private vessels under the Norwegian flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force. When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be initiated.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

ARTIKKEL II.

Boarding of private Norwegian vessels outside limits, for inquiry, etc., not objected to.

(1) Hans Majestet går med på et han ikke vil gjøre nogen innvending mot at myndigheter tilhørende de Forente Stater, deres territorier eller besiddelser går ombord i private skibe under norsk flagg utenfor sjøgrensen, forat spørsmal kan bli rettet til de ombordvaerende og undersøkelse av skibets papirer bli foretatt i det øiemed å bringe på det rene, hvorvidt skibet eller de ombord vaerende forsøker å innføre eller har innført alkoholholdige drikkevarer til de Forente Stater, deres territorier eller besiddelser under krenkelse av de love som der er gjeldende. Når sådanne spørsmål og sådan under søkelse viser en rimelig grunn til mistanke, kan ransakning av skibet åpnes.

Search of vessel on reasonable ground for suspicion.

Seizure of vessel believed to be violating American prohibition laws.

(2) Hvis der er rimelig grunn til å tro at skibet har begått eller begår eller forsøker å begå en forseelse mot de love i de Forente Stater, deres territorier eller besiddelser som forbyr innførsel av alkoholholdige drikkevarer, kan skibet beslaglegges og bringes til en havn i de Forente Stater, deres territorier eller besiddelser til rettslig avgjørelse i overensstemmelse med sådanne love.

Distance from coast limited for boarding, etc., vessels.

(3) De rettigheter som er skapt ved denne artikkel skal ikke utøves i en større avstand fra de Forente Staters, deres territoriers eller besiddelsers kyst enn den, som kan tilbakelegges på en time av det skib som er mistenkt for forsøk på å begå forseelsen. I de tilfelle i hvilke drikkevarene er bestemt til å befordres til de Forente Stater, deres territorier eller besiddelser av et annet skib enn det som er bordet og ransaket, skal det dog vaere sådant annet skibs hurtiggående og ikke det borded skibs hurtiggående som skal bestemme den avstand fra kysten hvortil retten ifølge denne artikkel kan utøves.

Extension if liquor conveyed by other vessel.

ARTICLE III.

Liquors listed as sea stores or cargo for a foreign port not subjected to penalty, etc.

No penalty or forfeiture under the laws of the United States shall be applicable or attach to alcoholic liquors or to vessels or persons by reason of the carriage of such liquors, when such liquors are listed as sea stores or cargo destined for a port foreign to the United States, its territories or possessions on board Norwegian vessels voyaging to or from ports of the United States, or its territories or possessions or passing through the territorial waters thereof, and such carriage shall be as now provided by law with respect to the transit of such liquors through the Panama Canal, provided that such liquors shall be kept under seal continuously while the vessel on which they are carried remains within said territorial waters and that no part of such liquors shall at any time or place be unladen within the United States, its territories or possessions.
